

RIDLEY

**BARASTOC**

**ESSENTIAL FEEDS**

**GOLDEN  
YOLK**

COMPLETE & BALANCED  
EVERYDAY PELLET

### WHAT WILL IT PROVIDE MY CHICKEN?

---

Nutritionally balanced layer feed to support hen health and egg production from point of lay onwards.

---

Fortified with bio-available calcium and phosphorus to provide the building blocks necessary for strong eggshells.

---

Finely milled ingredients are pressed into a pellet for ease of feeding and to decrease wastage caused by selective feeding.

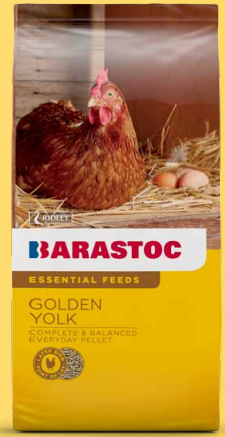

---

PROUDLY MADE IN AUSTRALIA  
USING INGREDIENTS SOURCED  
FROM AUSTRALIAN FARMERS.

### EXPECTED ADULT DAILY FEED INTAKE

120g per bird per day.

### FEEDING GUIDE

Ensure birds have continuous access to feed – do not restrict consumption.

Self feeders designed for poultry are a good way to ensure feed is continuously available.

Ensure birds have access to clean, fresh water at all times.

Ensure that Golden Yolk makes up the majority of the hens daily feed to ensure a balanced diet.

Other feeds such as green scraps, pasture and hay may be fed, but only in small amounts.

This feed has been formulated specifically for animals as described on the package, or the label attached to the package, and must not be used for other species of animals.
